

## Biographical Sketch

Stephen Faraone, PhD  
Professor  
Director of Research for the  
Department of Psychiatry.  
Senior Scientific Advisor to the  
Research Program Pediatric of  
Psychopharmacology at the  
Massachusetts General Hospital,  
Boston, USA

Stephen Faraone, PhD, is a Distinguished Professor in the Departments of Psychiatry and Neuroscience & Physiology at SUNY Upstate Medical University and Director of Research for the Department of Psychiatry. He also holds an honorary professorship at the KGJebsen Centre for Research on Neuropsychiatric Disorders at the University of Bergen, Norway. Prof. Faraone studies the nature and causes of mental disorders in childhood and has made contributions to research in psychiatric genetics, psychopharmacology, diagnostic issues and methodology.

An author on over 800 journal articles, editorials, chapters and books, he was the eighth highest producer of High Impact Papers in Psychiatry from 1990 to 1999 as determined by the Institute for Scientific Information (ISI, Science, 2000, Vol 288, pg 959). In 2005, ISI determined him to be the second highest cited author in the area of Attention Deficit Hyperactivity Disorder (<http://www.esi-topics.com/add/interviews/StephenFaraone.html>) and in 2013 he was the third most highly cited researcher in psychiatry and psychology. (<http://academic.research.microsoft.com/>). His 2014 lifetime H-Index was 158.

Prof. Faraone is Editor for the journal *Neuropsychiatric Genetics*. He is also Deputy Editor for the *Journal of the American Academy of Child and Adolescent Psychiatry*, Biostatistical and Methodology Editor for the *Journal of Attention Disorders* and he sits on the Editorial Boards for *Biological Psychiatry*, and the *Journal of Child Psychology & Psychiatry*.

In 2002, Prof. Faraone was inducted into the CHADD Hall of Fame in recognition of outstanding achievement in medicine and education research on attention disorders and in 2004 and 2008 he was elected to the Vice Presidency of the International Society of Psychiatric Genetics. In 2008, he received the SUNY Upstate President's Award for Excellence and Leadership in Research. In 2009 he was awarded Alumni Fellow status at the University of Iowa. In 2010 he received the Chancellor's Award for Excellence in Scholarship and Creative Activities from the State University of New York. In 2014, Thompson Reuters named Prof. Faraone on their list of The World's Most Influential Scientific Minds for the fields of psychiatry and psychology (<http://tinyurl.com/o5d48bp>).

In the past year, Prof. Faraone received income, potential income, travel expenses and/or research support from Pfizer, Ironshore, Shire, Akili Interactive Labs, CogCubed, Alcobra, VAYA Pharma, Neurovance, Impax, NeuroLifeSciences. With his institution, he has US patent US20130217707 A1 for the use of sodium-hydrogen exchange inhibitors in the treatment of ADHD.
